3. Voting

The electronic ballot papers for the elections you are eligible to vote in are listed.

Please note the information provided on the respective ballot paper about, for example, the number of votes you can cast. In 2026, voting will be based exclusively on the majority system, not the proportional representation system. This means you can cast a maximum of one vote (or none at all) for candidates.

Make your selection by checking the boxes next to the candidates. You do not have to cast all your votes.
